

Purpose Statement

601/6501/7 ProQual Level 3 NVQ Diploma in Trowel Occupations (Construction) (QCF)

Overview

The aim of this qualification is to recognise the knowledge, skills and competence of individuals who specialise in bricklaying in the construction industry. The learner will need to demonstrate skills, knowledge and understanding in core subject areas, and will also need to demonstrate occupational competence in a specialist subject area.

Achievement of this qualification will demonstrate to potential employers that the holder is skilled in the art of brick and block laying and will enable them to gain access to the Construction Skills Certificate Scheme (CSCS) card scheme. CSCS is the leading skills certification scheme within the UK construction industry.

CSCS cards provide proof that individuals working on construction sites have the required training and qualifications for the type of work they carry out. Possession of a skills card is vital for anyone looking to work within the UK construction industry.

Learning Outcomes

To achieve the qualification the following mandatory units will be covered:

- Confirming Work Activities and Resources for an Occupational Work Area in the Workplace
- Developing and Maintaining Good Occupational Working Relationships in the Workplace
- Confirming the Occupational Method of Work in the Workplace
- Conforming to general health, safety and welfare in the workplace
- Erecting Masonry Structures in the Workplace
- Setting Out Masonry Structures in the Workplace
- Setting Out Complex Masonry Structures in the Workplace
- Erecting Complex Masonry Structures in the Workplace.

A range of optional units including topics such as cladding and plastering are covered at the candidate's choice.

You will work with an assessor to complete a portfolio of evidence that confirms you have met the requirements of the qualification.

There are no entry requirements or specific skills needed to undertake this qualification.
