

Purpose Statement

601/2379/5 ProQual Level 3 Diploma in Warehousing and Storage (QCF)

Overview

This qualification is for those who are working or who wish to work in a supervisory capacity or manage a team in a warehousing and storage facility and also supports candidates looking for employment in a wide traditional sector, which has expanded into new areas with the increased use of remote purchasing via the internet.

It covers areas such as how to contribute to effective working relationships whilst maintaining health, safety and security within the workplace, the supervision of picking and packing of goods and the maintenance of stock levels in the warehouse.

The qualification is a stepping stone into other areas of opportunity within warehousing and storage, such as Team Leading, Management and Forklift Operations Supervisor.

Learning Outcomes

To achieve the qualification the following mandatory units will be covered:

- Contribute to the provision of customer service in logistics operations
- Provide leadership for your team in logistics operations
- Supervise the receipt, storage or dispatch of goods
- Take responsibility for health, safety and security in your team.

A range of optional units are required and can be selected at the candidates' preference. These include areas such as; stock management, supervision of personnel, managing logistic, transport and technical resource management.

You will work with an assessor to complete a portfolio of evidence that confirms you have met the requirements of the qualification.

There are no entry requirements or specific skills needed to undertake this qualification.
